Meraki vs. Aerohive Wireless Solution Comparison

SOLUTION COMPARISON | MERAKI VS. AEROHIVE Meraki vs. Aerohive: Don't Get Stung Meraki, Inc. | 660 Alabama St., San Francisco, CA 94110 | 415.632.5800 | www.meraki.com Meraki APs managed through Cloud Controller •Cloud-managed since 2006 •Redundant architecture with data replication and automatic failover between data centers

Solution Comparison Meraki vs Aerohive - Pronto Marketing

Diving into Meraki vs. Aruba vs. Aerohive Meraki. Cisco's Meraki is a simplified, cloud-managed AP solution that can be monitored and controlled through an intuitive, centralized dashboard. This means that you can remotely configure thousands of devices, across myriad locations, without having to deploy on-site staff each time you need to ...

Meraki vs. Aruba vs. Aerohive—Choosing the Right AP ...

With Aerohive in a room next door behind a cinder block wall I was able to connect 70 plus devices while streaming a video. The Meraki was a different story while in the same room it stopped allowing connection of clients after 30 devices. Probably another thing that through me off was the Meraki push of the dashboard instead of the APs.

Meraki vs Aerohive - The Meraki Community

Meraki has a more complete portfolio if you're looking for a single solution for your network infrastructure. Aerohive is probably stronger in terms of wireless (since that's their focus) by not really by much. Both are decent and fairly reliable solutions. There really isn't a clear winner in my book.

Aerohive vs Meraki : networking - reddit

Aerohive cloud managed wifi is the most difficult wireless controlled I've ever tried. The options are everywhere, it makes no logical sense whatsoever. Compared to Meraki, it's like getting out of a maze while blind and drunk.

r/meraki - Anyone compared Aerohive and Ruckus cloud ...

Cisco Meraki Wireless LAN is rated 8.4, while ExtremeCloud IQ is rated 10.0. The top reviewer of Cisco Meraki Wireless LAN writes "A flexible solution that provides great in-depth visibility for network analytics".

Cisco Meraki Wireless LAN vs. ExtremeCloud IQ Comparison ...

Powerful and intuitive multi-site management via the cloud, eliminating the cost and complexity of traditional on-site wireless controllers. End-to-end management which unifies WAN, LAN, wireless LAN, and mobile device management under a single pane of glass.

Wireless LAN | Wireless LAN Adapters - Cisco Meraki | WIFI 6

Cisco Meraki vs. Aruba, Aerohive, Ruckus, and HP. Have you ever wondered if Meraki wireless solutions are worth it and how they compare to other vendors? In this report, Cisco Meraki, Aruba, Aerohive, Ruckus, and HP are compared in areas, such as network visibility, insight and control, to exhibit the simplicity and value of Meraki equipment.

Meraki Wireless Solution Comparison - Hummingbird Networks

The quoted cloud services threads seem to apply to Meraki more than Aerohive. Meraki is cloud controlled while Aerohive is cloud managed. If the cloud is inaccessible for whatever reason Meraki is dead in the water (this comes from experience) while Aerohive just keeps working.

Aruba VS Aerohive, I have been ask if Areohive is a better ...

This thread got me thinking about wireless solutions. In particular, we have a decent sized client that is due for an upgrade (hopefully later this year) and I'm not 100% sure what to recommend. We deal mostly with Unifi for our other clients, but they are mostly smaller and don't heavily rely on wireless for productivity.

Cisco, Ruckus, Meraki, Unifi, Aerohive...? | [H]ardForum

Cisco Meraki Wireless LAN is rated 8.4, while Ruckus Wireless is rated 8.6. The top reviewer of Cisco Meraki Wireless LAN writes "A flexible solution that provides great in-depth visibility for network analytics".

Cisco Meraki Wireless LAN vs. Ruckus Wireless Comparison ...

Meraki WLAN vs Aruba, Aerohive, Ruckus, and HP . Cisco Meraki claims to offer industry-leading network visibility, insight and control, but how do Meraki wireless solutions really stack up against other network providers? In this report, Meraki, Aruba, Aerohive, Ruckus and HP are assessed side-by-side to determine which is best. Topics Discussed:

Meraki Wireless Solution Comparison - Hummingbird Networks

Meraki vs Cisco Wireless Solutions I actually have both product sets running- our main campus network has over 3,000 APs (Cisco) and we have a 6-month old Meraki installation on our London campus with 35 MR16 APs.

Meraki vs Cisco Wireless Solutions - Cisco Community

Hey all, I've worked with AeroHive for a few years. Mostly AP230's and AP250's. I'm in a new role now and working with Cisco wireless platforms. The difference is kind of making my head spin. One of my customers has about 20% Lightweight Access Points and it looks like their traffic is tunneled to t...

Aerohive vs Cisco Wireless Solutions - Cisco Community

Alvin ISD selected Cisco Meraki over Aruba and HP to be its wireless infrastructure provider. Beyond Meraki' s cost effective, plug-and-play solution, neither Aruba nor HP provide free, built-in BYOD/MDM solutions, intuitive dashboard interfaces, innovative features like integrated L7 traffic shaping and NAC, or cloud management.

Cisco Meraki Wireless Solution Comparison

The Aironet solutions are all wireless access points, but Meraki casts a wider net with their solutions. Meraki has wireless access points, firewalls, switches, and routers. From there, they have also expanded into other industries related to networking equipment. The first example of this expansion would be the Meraki Phone.
