Professions in modern European countries may therefore best be seen from a neo-Weberian perspective as on a spectrum with varying degrees of independent regulatory powers ( Pickard 2009). Having said this, there is no doubt that the framework of regulation of professions is fast changing at the macro level, with increasing demands for more accountability and inclusivity ( Kuhlmann and Saks 2008 ).

### review of theories of professions, organizations and ...

Many aspects of modern public administration go back to him and a classic, hierarchically organised civil service of the Continental type is called "Weberian civil service". As the most efficient and rational way of organising, bureaucratisation for Weber was the key part of the rational-legal authority and furthermore, he saw it as the key process in the ongoing rationalisation of the Western ...
