"If you simply walk, you have no special color. But if you travel with a purpose, it is different." Lyall Watson - *Supernature* (1973)

SUPERNATURE

In this classic study of the supernatural, Lyall Watson challenges scientific orthodoxy by applying new criteria to the investigation of the unknown. Probing the "soft edges" of science, Watson dispenses with the distinction between the natural and the supernatural and focuses on *Supernature*; ...

Supernature: Watson, Lyall: Amazon.com.au: Books

Watson's project in *Supernature* is simple: "All the best science has soft edges," Watson writes. "Limits that are still obscure and extend without interruption into areas that are wholly inexplicable" (x). Watson's project is a wide-ranging excursion into those edges, where they stood—let's go ahead and emphasize this now—in 1973.
