FT-101ZD may be operated from a variety of AC voltages, from 100 to 234 volts. A DC-DC converter, providing operation from a 13.5 VDC power source, is an available option. For the economy FT-101Z, the counter unit is an available option, providing digital display capability should you want to upgrade your transceiver at a later date.

FT-101ZD Instruction manual - IW2NMX

The Yaesu FT-101 series transceivers, produced in 1970-1978 were a very good alternative for the very expensive American made receivers and transmitters of the time, they were full of useful options, for which you had to pay much \$\$\$ extra (if available) in other ham equipment. Build like a battleship, with a modular construction, it was easy to repair, and the big numbers which are still around, prove the sound work of the Yaesu engineers at the time.

Yaesu FT-101ZD Transceiver FT101ZD - Universal Radio

The Yaesu FT-101 HF Transceiver Home Page. Purpose The purpose of this website is to capture and document the Yaesu FT-101 series radios during the early 1970's. It has taken me 12 years to collect a transceiver and every accessory to make a "complete station". I encourage your feedback, corrections, and additions.
